

NewFresh Water Systems

Warranty Statement

Notification:

This warranty is referenced by NewFresh Water Systems and can be found General Terms and Standard Conditions of Sale, and is published in its entirety on NewFresh Water Systems website, and in documentation supplied with all InjectaFlo products.

Limited Warranty:

NewFresh Water Systems, a Texas Limited Liability Company, hereby warrants all products to the original consumer purchaser to be free from defects in material and workmanship as stated in the following paragraphs:

- All residential point of use: in-line point of entry or cold water inlet side of hot water heater or similar for one year from date of purchase.
- All liquids SCALE SOFT and SCALE LIQUIDATOR (if stored as per label) for one year from date of purchase.

Product performance may vary based on local water conditions, proper product specification and application, proper plumbing application, installation, maintenance and/or usage. To ensure proper operation, follow all installation and maintenance procedures as detailed in all guides provided.

Not intended for use where water is microbiologically unsafe or with water of unknown quality.

NewFresh Water Systems will replace, free of charge, during the warranty period, any part which proves defective in material and/or workmanship under proper product and plumbing specification and application, normal and proper installation, use, service and proper care as published in detail in all service guides included with product. **Labor and freight charges are excluded from any warranty.** Other service or repair and are not the responsibility of NewFresh Water Systems. Shipping charges may apply to delivered replacement parts or materials.

Note – damages caused by debris, sand, silt, or other foreign matter in the water supply that damages the pump will void the warranty. Please ensure that there is a sediment filter inline prior to the InjectaFLO product in all cases of non-filtered or non-municipal water supplies.

This warranty is the exclusive warranty granted by NewFresh Water Systems and is in lieu of all other warranties of merchantability and fitness for a particular purpose and is further limited to defective parts replacement only.

NewFresh Water Systems

Limited Warranty - Original Purchaser's Responsibility

Keep a record of the purchase receipt for it will be required for any warranty related communications. Purchaser is required fill out warranty registration form on any applicable products and mailing to NewFresh Water Systems at the address below. **Failure to do so voids the warranty.**

PRIVACY POLICY NewFresh Water Systems does not sell, show or make available any information on any consumer in our database. This database is to ensure, if needed, proper warranty service, and good customer service for years to come.

Know Your Water:

- If on a municipal system, it is your right as a consumer to have access to the most recent test results.
- If on an individual well, have your water completely and independently tested. Local code may require a simple test for coli form bacteria to approve a well, however you may be unaware of potential problems for you and/or your home.

Any problems of water quality, or the fitness of any NewFresh Water Systems product that is associated with any mechanical, construction, application, installation, and/or environmental issue(s) (i.e.: flow rates, line pressure, piping materials, broken supply lines, changing water conditions; well or municipal water quality, et. al.), known or unknown, of the home or facility will not be considered by NewFresh Water Systems until such issue(s) have been resolved.

Responsibility for the proper product and/or plumbing specification, application and/or installation of any device supplied by NewFresh Water Systems lies with the consumer, their builder contractor, plumbing sub-contractor and any other installer of choice. NewFresh Water Systems has provided information on the proper application of system and their installation prior to any purchase.

NewFresh Water Systems supplies a line of point of use and point of entry water treatment, water softening and/or conditioning systems, for use with applicable liquids also supplied by NewFresh Water Systems.

NewFresh Water Systems will stand behind the warranties of materials and workmanship. However, NewFresh Water Systems does not bear any responsibility for improper applications of product and/or improper installation. It is for this reason NewFresh Water Systems provides complete information on all product for your understanding, specification, application and selection, and proper plumbing application and installation.

To obtain warranty service support, contact NewFresh Water Systems, Customer Service, via phone, fax, post, or email.
